FAI presents "THE MIRACLE WORKER"

By William Gibson
Directed by Peggy Hoshall

"The Miracle Worker" is our 2008 Theatre Company production and sure to have a brilliant cast. This is a heart warming rendition of the story of Annie Sullivan's journey to bring Helen Keller out of her own world and help her "see" with her hands and "hear" with her heart. If Annie can just get the meaning of one word into her head and the understanding, Helen will be able to learn anything. Helen's parents go through a great deal of heartache before Annie's arrival and Mr. Keller is not so sure that this young girl, Annie, can handle the likes of his Helen once she does come to help. Director, Peggy Hoshall, is a talented actor and director.
